***Allowable Subject Matter***

1. Claims 1-41 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art made of record fails to anticipate or make obvious the claimed invention. Specifically, the prior art fails to teach, in combination with the remaining elements:

displaying shared electronic calendars comprising obtaining a view data object for a first selected calendar, passing the view data object for the first selected calendar to each additional selected calendar, the view data object indicating a view mode corresponding to the first selected calendar and displaying each selected calendar in the view frame simultaneously in side-by-side orientation and in the view mode indicated by the passed view data object as recited in claims 1, 21 and 32.

Although Pivowar teach a substantial amount of the claimed matters, Pivowar fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
